PLATFORM

Of the American Union Party.

For the promotion of the best interests

of all the people of the Hawaiian Islands

and for the organization of a party

having only this object in view, the following

is adopted as a declaration of the principles

upon which the organization to be known as the "American Union Party" is to be established, and upon

this platform we invite the co-operation of every friend of good government.

1st. RECONSTRUCTION.—We favor the reconstruction of the Hawaiian Islands, and declare the full allegiance to the Provisional Government, endorsing the

proposal for a constitutional convention looking to the extension of popular representation in the Government.

2d. POLITICAL EXTENSION.—We declare our leading principle to be the accomplishment of a political Union with the United States of America and the maintenance of a stable and honest government.

3d. PUBLIC LANDS.—We favor such legislation as will promote the occupancy of all public lands, including those heretofore known as "crown lands," by small holders, and foster the development of varied industries, believing it to be of vital importance that "many acres" should be for "many men."

4th. CITIZENSHIP RIGHTS.—We declare that all citizens are equal before the law, and we are opposed to monopolies or privileged classes, favoring participation in the government by every loyal citizen and declare for a liberal suffrage law that will, first of all, guarantee a vote to every man who rendered satisfactory service in the military or police department of the Provisional Government.

5th. IMMIGRATION.—The evils of Asiatic immigration are so apparent that we declare in favor of its prohibition by positive and permanent laws, declaring in favor of such American, Portuguese or other European immigration as shall supply the necessary labor and enrich the country with permanent settlers.

6th. PUBLIC WORKS.—We favor the immediate establishment of a comprehensive system of public improvements, that shall be of permanent value to the country and afford needed employment to the laboring classes, but we declare against importation of labor, and declare that all public works can be obtained in the home market, and materials which must be obtained from abroad should be obtained through local dealers in open competition.

7th. PUBLIC OFFICES.—We hold that no person should occupy any position of trust or profit under the Government who is not loyal to the same.

8th. PRISON LABOR.—We oppose the employment of prison labor in any mechanical pursuits.

9th. TAX SYSTEM.—We favor a revision of the tax system whereby all property, improved and unimproved, shall be assessed on an equal basis.

10th. LABOR.—We declare that in the Constitution and in legislation thereafter the rights of the wage-earner should be fully considered.

11th. EDUCATION.—We favor the enlargement of the scope of the free-school system to the end that a university course may be available to the youth of the country.

12th. TELEGRAPHIC LINES.—We favor the establishment of an inter-island as well as a foreign cable system.

The organization committee are: First District—J. A. Magoon, J. H. Fisher, C. H. Luther, Second—Chas. L. Carter, Mr. J. A. Cassidy, J. S. Martin, Third—Julius Asche, Dr. Emerson, Jas. Kott, Jr., Fourth—J. Walter Jones, Dr. Cooper, W. P. O'Brien, Fifth—J. A. Low, J. Lecker, J. L. Carter, At Large—Messrs. A. W. Keech, C. T. Rodgers, G. W. Smith, J. W. Pratt, A. V. Peters, L. C. Ables.

KRAJEWSKI'S PATENT

CANE CRUSHER

THE HONOLULU IRON WORKS COMPANY,

having secured the EXCLUSIVE AGENCY for the Hawaiian Islands for the Krajewski Patent Sugar Cane Crusher, are now prepared to receive orders for the same, to be delivered in time for the next crop.

This machine, which has been invented but a few years, has been adopted by a great number of cane sugar manufacturers, especially in Cuba, where it was first put to trial and where it became extremely popular. Nearly one-third of the whole sugar crop made in Cuba is being made with the assistance of these crushers. These crushers have also proved a great success in other West Indian Islands, and Louisiana, as can be seen by testimonials on hand.

These crushers when attached to any cane mill will increase its capacity by from 50 to 100 per cent; will improve extraction; will regulate feed of the mill. We have three of these machines in the way. For further particulars enquire at the
